

369 MW de energia solar + 1,4 GWh de armazenamento

Oportunidade de investimento em DTD

MERGERSCORP

369 MW de energia solar + 1,4 GWh de armazenamento Oportunidade de investimento em RTB

O projeto representa um dos mais ambiciosos desenvolvimentos de energia renovável no sudeste da Europa, estrategicamente localizado no condado de Bihor, na Romênia, a apenas 5 km da fronteira com a Hungria.

Esse projeto de grande escala combina geração solar em escala de serviços públicos com um sistema de armazenamento de energia em bateria (BESS) de última geração, posicionando-o como um ativo essencial para a estabilidade da rede e a transição energética.

Principais destaques

- 369 MWac (359 MWp) Capacidade solar fotovoltaica
- 1.475,76 MWh Armazenamento de energia por bateria (BESS)
- ~500 hectares de área total do projeto
- Fornecedores de tecnologia avançada: ABB e Hitachi
- Terreno plano otimizado para implantação de energia fotovoltaica em larga escala
- Proximidade dos principais centros de logística: Oradea e Arad

Status do Ready-to-Build (RTB)

O projeto concluiu com êxito todos os requisitos de licenciamento e conexão à rede, garantindo a prontidão imediata para a construção:

- Aprovação de conexão à rede (ATR) – Concedida
- Licença de construção – concluída
- Contrato de conexão à rede – Executado
- Nova subestação de 400 kV (infraestrutura compartilhada)

Estrutura de investimento flexível

- Opção de arrendamento: Arrendamento de terras com garantia de 30 anos, assegurando estabilidade operacional a longo prazo
- Opção de aquisição: Oportunidade de propriedade total da terra para otimizar a estrutura de investimento

Localização estratégica e oportunidade de mercado

A Romênia está emergindo como um importante centro de energia na Europa, visando a +7 GW de nova capacidade renovável até 2030.

O projeto se beneficia de:

- Esquemas de Contratos por Diferença (CfD) apoiados pela UE
- Acesso a fundos e incentivos para modernização
- Forte demanda por energia solar + capacidade de armazenamento
- Otimização da receita por meio de arbitragem de energia e redução de picos
- Oportunidades de comércio transfronteiriço de eletricidade

Um ativo de infraestrutura essencial para a transição energética

BUSINESS TYPE
Energia renovável

COUNTRY
Romênia

BUSINESS ID
L#20261017

Trata-se de um ativo de infraestrutura estratégico que apoia a estabilidade da rede de energia europeia.

Com sua avançada capacidade de armazenamento, status de RTB e localização privilegiada, o projeto oferece uma oportunidade única, escalável e pronta para investimento em um dos mercados de energia renovável que mais crescem na Europa.

The information contained herein does not constitute an offer to sell or a solicitation of an offer or a recommendation to purchase securities under the securities laws of any jurisdiction, including the United States Securities Act of 1933, as amended, or any US state securities laws, or a solicitation to enter into any other transaction

The projected financial information contained in the Memorandum is based on judgmental estimates and assumptions made by the management of the target Company, about circumstances and events that have not yet taken place. Accordingly, there can be no assurance that the projected results will be attained. In particular, but without prejudice to the generality of the foregoing, no representation or warranty whatsoever is given in relation to the reasonableness or achievability of the projections contained in the Memorandum or in relation to the bases and assumptions underlying such projections and you must satisfy yourself in relation to the reasonableness, achievability and accuracy thereof.

By delivering this Memorandum, neither MergersUS Inc., nor its authorized agents are making any recommendations regarding the acquisition or strategies outlined herein. Interested parties shall exercise independent judgment in, and have sole responsibility for, determining whether an acquisition of the Company is suitable for them, and neither MergersUS Inc, nor its authorized agents have responsibility to, and will not, monitor the condition of interested parties to determine that an acquisition is or remains suitable for them. Among other things, suitability of an acquisition will depend upon an interested party's investment and business plans and financial situation.

This document is prepared for information purposes only. It is made available on the express understanding that it will be used for the sole purpose of assisting the recipients to decide whether they wish to proceed with a further investigation of the Proposed Transaction.

The recipients realize and agree that this document is not intended to form the basis of any investment decision or any other appraisal or decision regarding the Proposed Transaction, and does not constitute the basis for the contract which may be concluded in relation to the Proposed Transaction.

All information contained in this document may subsequently be updated and adjusted. MergersUS Inc. has not independently verified any of the information contained herein or on which this document is based. Neither the Company, nor its management or shareholders, nor MergersUS Inc. , nor any of their respective directors, partners, officers, employees or affiliates make any representation or warranty (express or implied) or accept or will accept any responsibility or liability regarding or in relation to the accuracy or completeness of the information contained in this document or any other written or oral information made available to any interested party or its advisers. Any liability in respect of any such information or any inaccuracy in or omission from the document is expressly disclaimed.
